## **PRESIDENT'S CORNER**

Our club has voted to put our Magazine, Model "A" News in the High Schools that have a shop class.

Some of our club members have reached out and made contacts. We now have three schools that we can send our Model "A" News to: Columbus North High School, North Lawrence Career Center, 258 BNL Dr., Bedford, IN 47421, and Martinsville High School. We would like to put

the Model "A" News in more schools. Check with the School in your area to see if we can put a subscription of the Model "A" News in. This would also be a good time to do a Show and Tell in school with our Model "As".

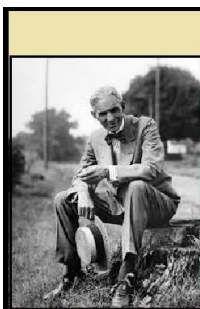

We are also a MAFCA Columbus Chapter. A World Newsletter: The A World is a youth newsletter published by Model A Ford Club of America. It is a quarterly newsletter that is

available on MAFCA.com web page. It is free and we are asked to distribute it to our Model A friends.

We will be short one Model A Vendor at our swap meet next year. Jerry Baker owner of Antique Auto Parts of Kentucky has sold out his inventory and has retired. We will miss you Jerry Baker. Larry Morlock is looking for a Vendor to fill the spot that Jerry was in for the 2017 swap meet. It was suggested at the board meeting to check with Gaslight Auto Parts and see if they would come to our swap meet.

I have received Fundraising Raffle tickets for 2017 MARC National Meet that are to be sold at our November/December membership meeting and the money and unsold tickets sent back by December 15. The money is to help with some of the Hostesses meet prep expenses. Raffle tickets are \$2.00 each or 3/\$5.00. First Prize: One Model A Interior Kit from LeBaron Bonney (max value \$3800; 2nd Prize: set of 4 Goodyear Model A Tires from Kelsey Tire (max value \$860; 3rd Prize: \$500 Gift Certificate from Bratton's Auto Parts.

### 10-21-1927 First Model A Ford built.

**I invented nothing new. I simply assembled the discoveries of other men behind whom were centuries of work. Had I worked fifty or ten or even five years before, I would have failed. So it is with every new thing. Progress happens when all the factors that make for it are ready, and then it is inevitable. To teach that a comparatively few men are responsible for the greatest forward steps of mankind is the worst sort of nonsense.**

### **Model A's verses the Hudson's at Ed and Mary Dathe's**

The event was well attended indeed. There were 23 Model A's and 13 Hudson's. We had more food than could possibly be consumed, and all of it was delicious. The weather was overcast and about mid 70's so it was a perfect day for all. Ed displayed many tools and his cut-a-way for all of us to discuss and ponder what the specific uses were. Some he had made himself in a very ingenious way for working on the Model A. Ed and Mary's 1914 Model T was on display as well, with the camping kitchen opened up for all to see. It was even complete with Ford dishes and table service. Ed and Mary certainly rolled out the red carpet for everyone. It was a fun filled day. Thank You to these great members of our club.
